For weddings in May-Sept, please make sure table place cards and table numbers are securely weighted down. We may run large oscillating fans if it is hot and if they are not weighted they may end up on the floor.

If you do tablecloths the day before make sure you have someone check the linens for dirt particles that can sometimes fall onto the tables. A little duster or handheld broom works great!

All decorations, table linens, etc have to be removed after the wedding that night as we have many weddings the next day.

Thank you and many congratulations from the Mansfield Barn Staff.
